

20th & 21st
July 2019

The Livelighter Horse & Harness Championships 2019

Presented by The Working Horse Society of WA

PROGRAM

Directions to Avon Valley Pony Club

Suburban Road, Northam

You must enter suburban road off of Clarke street as the other suburban road
Doesn't give you access to the pony club.

THE WORKING HORSE SOCIETY OF WA

The Working Horse Society of Western Australia Inc. (WHSWA) was established to promote and stimulate interest in and enthusiasm for all working horses, for example Clydesdales, Percherons, Shires, crosses, minis, shetlands, ponies, Tb, Stb and any other breed that works. One of our main objectives is to encourage people to learn the necessary skills to work their horses in their chosen discipline such as long reining, pulling horse drawn vehicles, ploughing, or working their horses in farm machinery. We do this by facilitating events, training days, workshops and social gatherings where members are encouraged to bring their horses along and learn in a supportive, educational and safe environment. We also produce regular newsletter that provide training articles, news and information regarding working horses. In addition, our members also enjoy the social benefits of getting together with people who are passionate about working horses to share their knowledge, skills and common interests. You do not have to own a working horse to become a member, if you have ever wanted to learn more about working horses, are interested in the traditional skills of harness or farm machinery, or just wanted to spend time then you are very welcome to join the society. Some of our members also ride their horses, and some simply enjoy spending time with other members. For further details on the WHSWA, please contact either

The President - Kim Johnson on president.whswa@gmail.com or

The Secretary - Aleesia Smith secretary.whswa@gmail.com.

These magnificent horses, Our members are able to attend events such as field days, agricultural shows and heritage days with their horses. They are able to demonstrate the skills of the working horse that were a vital part of the development of Australia. If you would like these magnificent working horses at your event, then please contact

The Secretary - Aleesia secretary.whswa@gmail.com

*We usually request a donation to the society for attendances at such events, as we are a non – profit society and this assists our members with travel and associated costs.

Please add us on Facebook The Working Horse Society Of WA.

THANK YOU SO MUCH TO OUR WONDERFUL SPONSORS

Kohnke's Own

Range of supplements are based on scientific formulations that will help ensure that the mineral, trace-mineral and vitamin content of your horse's diet will not be a limiting factor to its health or performance. The nutritional range is centered around six separate cold-pressed supplement pellets, or Supplest®, an innovative, high quality nutrient dense small food pellet developed especially for the Kohnke's Own range of supplements. Each Supplement type contains specific classes of nutrients to ensure optimum stability, which are blended in different proportions relative to the nutrient needs of growing, breeding, exercising and resting horses. Separate supplements of Vitamin E, iron and salts are also available to correct specific inadequacies in the diets of horses, where necessary.

Colonial Clydesdales

Are now one of the last professional Clydesdale teams in Western Australia. The skills and knowledge involved in presenting, training and driving Clydesdales are almost lost today. Our aim is to preserve these magnificent horses and the skills and traditions that are associated with them, before they are lost to the pages of the history books forever. Colonial Clydesdales & Carriages is a family run business managed by Emma. Emma's love for these rare horses and a desire to ensure that the traditions of the Clydesdale are preserved, whilst bringing a unique and unforgettable experience to the people of WA. Colonial Clydesdales achieve this by presenting the Clydesdales at public events such as agricultural shows, festivals and events around the state of WA. In addition, they cater for private weddings, parties, anniversaries and functions and specialise in corporate promotions and marketing. The Clydesdales and range of carriages, wagon and horse drawn farming implements are available also for ridden events, photo shoots, movies, commercials and for static displays and props.

Horseland Midland

Is an amazing store! It has everything! Including a coffee corner. So whilst it's hard work shopping, the team at Midland want you to put your feet up and grab a cuppa. Not only is it the largest store in the Horseland network it offers the biggest range including the latest trends from Europe. The team are all extremely helpful and will ensure you have an amazing experience the next time you visit them!

Wouriepool Clydesdales & Appaloosa's

Emily Goodall is the breeder of the beautiful Wouriepool Clydesdales and Appaloosa's in Kojonup. Emily not only breeds these beautiful horses she sells them to so give Emily a call to view these stunning horses.

Hillside Park

A new stud that has just started. We have Hillside Park Clydesdale crosses and Prominence Park full breeds. We pride ourselves on adding quality to the pure Clydesdale breed concentrating mainly on traditional height and quality temperament. We also have show horses of our own. Owning the Clydesdale breed is a dream come true.

JD Gypsies

Is owned and run by Rebecca and her family, and are farmers from the southern cross who breed Gypsies Cobs and Drum horses.

Europa Saddlery

Was established by Greg Johnson in October 1978. Greg and his brother Michael Johnson lead a team of professionals, providing the very best in equestrian products and services. Europa constantly sources new products to bring you the latest from Australia and around the world. Europa Saddlery is dedicated to delivering the best quality equestrian products to the you at the most affordable prices. Our committed sales team consists of some of the best in the industry and Europa Saddlery has been a family owned and operated business since 1978. With our strong purchasing power & reduced overheads, we are able to offer a great range of equestrian products, saddles & clothing from some of the world's leading brands at low prices

Penrose Park Garlands

Are a family run business located in Maida Vale Perth, Penrose Park Garlands supply garlands all over Australia for a variety of events from Pony Club shows to Royal Show and Horse of the year events. For larger orders we offer discounted postage to the rest of Australia. We make Garlands to suit any budget, theme or color scheme and pride ourselves in our attention to detail. Garland backings can be created in a wide range of fabrics to accommodate themes, society and club colours. We can accommodate and requests, we also have 'in stock garlands' for anyone requiring a last minute order and we can post anywhere within Australia or we do deliver for larger orders in the Perth Metro area."

Thompson & Redwood

It was the early 70's in Gallup New Mexico; T&R Market was established as a locally owned and operated family business providing goods and services to surrounding communities. Colin Tanner, fourth generation in the Tanner trading families of the southwest, and his wife Coleen, would begin a new journey 6 miles north of Gallup on U.S. Hwy 666 (renamed to U.S. Hwy 491). Later that decade, in an 8' x 10' lean to shed abutted to an existing building, a new category would find its humble beginning with a limited selection of feed and salt. 1984, in response to increased customer requests expansion of products began in the livestock industry T&R Feed was "born" with a 2400 sq. ft. retail building and two hay barns comprising a 2500 ton capacity for various hay types. Attention to detail, customer input, and local area knowledge helped forge the path, enabling . the company to offer an expanded line of feed, animal health products, livestock equipment, and tack to the farming and ranching communities. 2010 would offer opportunity to further expand product lines by moving into . a newly renovated building, quintupling our current retail space. Complimentary product lines were added to include western wear, trailers, hardware, and décor offerings. Servicing the Four Corners region of the Southwest, true T&R Feed & Rope is an area tradition spanning over three decades, offering the name brands you know and trust. Striving to continually improve products and services we offer with a commitment to customer satisfaction, quality, and value..... stop on by and join our family, you'll be glad you did. located in Bullsbrook.

HKY Real-estate

Living and working within the Bullsbrook for the past 14years, Kim has a great understanding and sound knowledge of property investment within the area. Passionate about supporting the local community, lends to Kim's active involvement within many local community groups and associations within the valley's region. Kim's thorough understanding of real estate coupled with uncompromising honesty and integrity and the ability to listen closely makes her the ideal choice to partner you when looking to buy or sell your largest asset – your home.

Evening Star Ranch

has made it our goal to breed high quality Friesian/warmblood horses for all

disciplines of competition. All the presence, majesty, temperament, conformation and movement of the purebred Friesian... splashed perfectly with black and white markings/bling and the Warmblood athleticism

Mane Event Equestrian

Our business started nearly 5 years ago from the desire to source natural and holistic products to help the health of our own horses and dogs. After years of struggling with traditional medications and no improvement in one of our horses we looked at alternative treatments in the way of Aloe Vera and Herbs with outstanding results. Veterinary medicines have their place in the animal world and are sometimes the only way an illness can be treated but sometimes herbal, natural products can be just as beneficial without the side effects of synthetic medications. Our range has grown rapidly and we have a reputation of sourcing only the best products. Our online store is now servicing over 2500 loyal customers and our products can be found in over 28 stockfeed stores. Mane Event Equestrian Supplies is a family run and owned business situated in the hills of Perth. We hope we can help you with any queries you may have.

Brigadoon Produce

Is a WA Family Owned and Run that caters for all your Stockfeed, Supplements and Animal Supplies. We're Open 7 Days for your convenience

The Thoroughbred Performance & Pleasure Society of Western Australia Inc. (TPPSWA) was founded to promote, stimulate interest, enthusiasm for thoroughbreds, whether raced, trialled or not, and to recognise and acknowledge the influence that the thoroughbred has had on various breeds, including but not limited to warmbloods, Arabians (Anglos/Arab warmbloods), riding ponies and welsh ponies (partbreds). One of our main objectives is to encourage people to bring out their horses or ponies, learn with them at clinics or show them and just enjoy the day out with them. We do this by holding events, clinics, educational days and member get-togethers where members are encouraged to bring their horses or ponies along and learn in a supportive, informative and safe atmosphere. We produce a monthly newsletter called, "The Galloper" which is filled with news, informative articles, members photos, what we are planning and biographies about racehorses or retired racehorses. TPPSWA members also enjoy the social aspect of getting together with each other and new people who are passionate about equestrian sports, and who love to share their knowledge, experiences and mutual interests. You do not have to own a thoroughbred or partbred thoroughbred to be a member of TPPSWA, you may just want to learn more about the racing industry, the showing side of horses, or just want to get up close with these stunning animals, you are welcome to join the society. Some of our members do dressage with their horses, some do hacking, some do show jumping or eventing, so race their horses and some do western disciplines with them. We all share a love and passion for horses and the equestrian sports. For further information on TPPSWA, please contact the following people: President – Austen Borsi at austenborsi@yahoo.com.au or tppswa@hotmail.com Treasurer – Catherine Piper at tppswa@hotmail.com

EL Freeman Heavy Horse Decorations

Makes to order in any colour combination for all breeds. Mane rolls, standards/flights, tail sprigs, tail fans, bows, rings & more.

Claylee Heavy Horse Stud

Bullsbrook Belles Equestrian

Quality, custom equine products. Designs unlike any other or bringing the customers ideas to life. Various styles of horse rugs and saddle pad sets, covers for your tack and our new Aussie Hay Sacks designed with horse health and happiness in mind.

White Rose Civil & Earthmoving

Are you looking to have any earthworks done? For fast efficient & reliable worker contact Rob on 0487471700

Cavaletti

Cavalletti has brought the West Australian horse community together online for 20 years. Our award-winning online equestrian marketplace is the go-to website for advertising horses, ponies, saddlery and everything else that equestrians need. The Cavalletti event calendar is inclusive of all equestrian disciplines and has been used by WA riders to plan their show schedule since we first started on the web. We're proud to be endorsed by top riders, brands and equestrian professionals. It makes us smile to know that so many of you found your perfect equine match on our website. We love what we do. We've also established a reputation for giving back to the community. Thanks for joining us for the ride.

You can get your horse fix daily at www.cavalletti.com.au.

Horse Dreams

Garlands:

All garlands are made to order; your colours, your style & to your budget.

Just email me what you would like for a quote.

Lesson: I specialise in providing private individual lessons at your own home where you and your horse are most comfortable.

I am happy to train you in your preferred discipline, English or Western riding, ground work exercises, working on particular problem areas, re-building your confidence or simply lessons working towards your own goals.

Creams:

Arnica Cream has been used since the 1500's for the benefits of it's healing properties.

Arnica is derived from the plant "Arnica Montana" that grows in the mountains in Europe & Siberia.

Arnica can actually stimulate the body's ability to heal itself, helps to reduce bruising, swelling muscle soreness & pain (also good for after surgery healing)

Calendula (*Calendula officinalis*), is used to treat poorly healing wounds, cuts, blisters, scrapes, dry or chaffed skin by moisturising the irritation, reducing inflammation and eliminating bacteria. Calendula is also a wonderful treatment for skin conditions such as eczema or dermatitis and can assist with allergic rashes or used as a general face night cream to promote healthy skin.

PENROSE PARK STUD

Penrose Park Percheron stud is a family owned and run business which started with steves father when he brought a Percheron over with him from SA

CLYDESDALE SPORT HORSE OF WA

Welcome to the Clydesdale Cross Sport Horse Association – a group dedicated to celebrating the versatility of horses with part Clydesdale heritage.

On the 10th December 2004 the inaugural meeting of the first society dedicated solely to the Clydesdale Cross took place. A committee was formed and on the 14th December 2004 the Clydesdale Cross Sport Horse Association was officially incorporated under Victorian legislation.

Since that time, the CCSHA has gone from strength to strength and boasts a healthy membership base and a register of over a 1000 Clydesdale Crosses. As a true testament to the nature of these horses, our members span across every equine discipline and our horses range from hairy, large rumped beasts (not dissimilar to their Clydesdale predecessors) to refined, athletic and bold athletes, competing at the highest levels.

We aim to provide a supportive and relaxed Association, where Clydie Cross owners can get out and have fun with their horses. We don't aim to be a competitive group, where winning ribbons is our primary objective – instead we aim to provide opportunities for everyone to enjoy what they love, regardless of their level of expertise or how 'fancy' their horse is.

Waitematta Farm

Australian Friesian Warmblood Horse Society

The versatile Friesian Warmblood comes in a variety of types so there is a horse to suit

everyone. Have a look through our photos page to see our beautiful horses. They are at least 25% Friesian and crossed with any other breed.

Because of the different breeding combinations their exterior appearance can vary from a finer type to a more solid type. They can vary in height.

The preferred characteristics are as follows:

Must have an athletic and agile appearance.

Must have correct balanced conformation.

Body must be in proportion.

Must be well covered.

Must have good length of rein.

There is no preference of colour and any colour is acceptable.

The utmost priority is temperament. They must have a kind eye and be pleasant to handle.

They will have a naturally full flowing tail.

Their movement is not elaborate but they must travel straight.

It is important to note that they are very late maturing horses both physically and mentally

Hb Horsewear

Think, Feel, Live, Equestrian.

We are a registered business stocking competition & stable apparel for horse & rider at competitive prices.

Vicki Photos

We have the very experienced Vicki photos on board this year

(Two jumps of 60cm maximum may also be included) One penalty for EACH

refusal or missed obstacle. The person with the LEAST penalties and the shortest time will win the class. These course's are timed the horse with the least

Penalties and fastest times is the winner.) This rule applies to all ridden classes that have jumps or obstacles. Classes included are 145,146,147,148,149,150,151 & 152.

153. Fancy Dress

Proudly Sponsored by

Kim Johnson– HKY Real-estate

Open to any breed of Horse, full or part bred, either registered or unregistered. Horse maybe be ridden or led.

CHAMPION RIDER

Proudly sponsored by

Kohnke's Own

Please note all working classes are for all breeds of horse, pony, miniature or donkey.

We ask that you know our horse and what weights it can pull, if you plan on doing these Classes and if you have the correct equipment we would prefer you to use that, But If you are a new to long reining and want to use a lounge roller and lunge ropes for the long reining classes you may do as long as you have full control of your horse at all times and the equipment is sound.

Proudly Sponsored by

This class is for Maiden, Intermediate or Open horses, with any driver. Horse must be driven in long lines and be presented in backband and chains. Open Bridle or Winkers. No bitless bridles or bitless winkers allowed. Horse must wear a Collar and hames. The harness used must allow the chains to be in straight line from hames hook to swindle, and cannot hold the chains up out of the way of the horse's rear legs. The harness may be checked by the judge/steward for suitability. There will be a backband and chains at the event should you wish to use it. Log and swindle will also be provided by the event organisers. If you provide your own chains they must be a minimum length of 2.34 meters (234cm). Chains must have hooks on their ends, no enclosed clips or carabiners due to safety reasons. Hooks must be large enough to fit over a 20mm diameter fixing on the swindle tree. Please read rules for the Log Snig.

168. Junior Log Snig

Proudly Sponsored by

This class is for Maiden, Intermediate or Open horses, with any driver. Horse must be driven in long lines and be presented in backband and chains. Open Bridle or Winkers. No bitless bridles or bitless winkers allowed. Horse must wear a Collar and hames. The harness used must allow the chains to be in straight line from hames hook to swindle, and cannot hold the chains up out of the way of the horse's rear legs. The harness may be checked by the judge/steward for suitability. There will be a backband and chains at the event should you wish to use it. Log and swindle will also be provided by the event organisers. If you provide your own chains they must be a minimum length of 2.34 meters (234cm). Chains must have hooks on their ends, no enclosed clips or carabiners due to safety reasons. Hooks must be large enough to fit over a 20mm diameter fixing on the swindle tree. Please read rules for the Log Snig.

169. Log Snig - Long Reining

Proudly sponsored by Colonial Clydesdale

This class is for Maiden, Intermediate or Open horses, with any driver. Horse must be driven in long lines and be presented in backband and chains. Open Bridle or Winkers. No bitless bridles or bitless winkers allowed. Horse must wear a Collar and hames. The harness used must allow the chains to be in straight line from hames hook to swindle, and cannot hold the chains up out of the way of the horse's rear legs. The harness may be checked by the judge/steward for suitability. There will be a backband and chains at the event should you wish to use it. Log and swindle will also be provided by the event organisers. If you provide your own chains they must be a minimum length of 2.34 meters (234cm). Chains must have hooks on their ends, no enclosed clips or carabiners due to safety reasons. Hooks must be large enough to fit over a 20mm diameter fixing on the swindle tree. Please read rules for the Log Snig below. Drivers are not allowed to adjust, alter or assist the horse by moving harness or chains once course is started till horse and driver have finished course. Log Measurements 3 meters long X 200cm x 100cm approximately Single tree 33inch (84 cm) min length Chain length from hames hook to swing hook is 2.34 meters (234cm) minimum.

The log snig course is a serpentine course is as follows. The perimeter of the rectangular course (22 meters long x 7 meters wide) will be marked by logs or pipes or rope on the ground. Four balls will be placed on four stands/poles 1.5 meters high (approximately) down the center of the course. There will be a 5 meter distance before the first stand/pole and then they will be placed 4 meters apart, which will leave a further 5 meter distance at the end. The horse is then driven in a serpentine pattern through the poles.

LOG SNIG RULES

Penalties – One penalty applies for the following Knocking ball on ground Knocking post on ground Handler stepping on log The driving lines touch the log or are dropped on ground Horse stepping on or over boundary line 1 penalty each hoof Handler stepping on or over boundary line 1 penalty each foot Disqualification You are disqualified if: The handler uses their foot to keep the log away from the post The horse gets outside the chains and the driver continues with the horse out- side the chains The driver requesting outside assistance to reattach chains, or the horse gets outside the chains and the driver requires assistance. Your horse experiences difficulty and presents a safety issue. Note: Any horse that is disqualified may at the judge's discretion be encouraged to finish. This is to encourage the handler/horse to gain experience. They will not qualify for a placing. The horse with the least penalties is the winner. After the first round any horses finish with the same amount of penalties, the width of the rectangular course will be reduced by 0.250m from each of the longer sides. If after this the horses are still on equal penalties, the event will be timed.

170. Junior Maiden Driven Horse

Proudly sponsored by

Judged on horse. Horse never won a harness class at any show and is for horses that are green and inexperienced in harness. Horses competing in this class cannot compete in class 172.
