CONFIDENCE WITH YOUR HORSE

hosted by AMT Equestrian Services

Do you want to spend a weekend with a great bunch of people, building your confidence and learning new horsemanship skills?

The weekend begins on Saturday morning with inspired **goal setting** and confidence boosting followed by an individual lesson for each participant. After lunch the focus shifts to **groundwork** and **in-hand work** for correct biomechanics, problem solving and developing **softness**. Drinks and nibbles will be followed by dinner at a delicious local restaurant. On Sunday the focus will be on **developing lightness and softness under saddle** and working on individual goals.
