THE WORKING HORSE SOCIETY OF WA

The Working Horse Society of Western Australia Inc (WHSWA) was established to promote and stimulate interest in and enthusiasm for all working horses, for example Clydesdales, Percherons, Shires, crosses, minis, ponies, Tb, Stb and any other breed that works. One of our main objectives is to encourage people to learn the necessary skills to work their horses in their chosen discipline such as long reining, pulling horse drawn vehicles, ploughing, or working their horses in farm machinery. We do this by facilitating events, training days, workshops and social gatherings where members are encouraged to bring their horses along and learn in a supportive, educational and safe environment.

We also produce regular newsletter that provide training articles, news and information regarding working horses. In addition, our members also enjoy the social benefits of getting together with people who are passionate about working horses to share their knowledge, skills and common interests. You do not have to own a working horse to become a member, if you have ever wanted to learn more about working horses, are interested in the traditional skills of harness or farm machinery, or just wanted to spend time then you are very welcome to join the society. Some of our members also ride their horses, and some simply enjoy spending time with other members. For further details on the WHSWA, please contact either

The President - Kim Johnson on president.whswa@gmail.com or

The Secretary - Aleesia Smith secretary.whswa@gmail.com.

These magnificent horses, Our members are able to attend events such as field days, agricultural shows and heritage days with their horses. They are able to demonstrate the skills of the working horse that were a vital part of the development of Australia. If you would like these magnificent working horses at your event, then please contact the Secretary -

Aleesia Smith - secretary.whswa@gmail.com *We usually request a donation to the society for attendances at such events, as we are a non – profit society and this assists our members with travel and associated costs. Please add us on Facebook The Working Horse Society Of WA.

RUSTIC STYLE CATERING FOR ALL OUTDOOR EVENTS

SPONSORS

The Thoroughbred Performance & Pleasure Society of Western Australia Inc.

(TPPSWA) was founded to promote, stimulate interest, enthusiasm for thoroughbreds, whether raced, trialled or not, and to recognise and acknowledge the influence that the thoroughbred has had on various breeds, including but not limited to warmbloods, Arabians (Anglos/Arab warmbloods), riding ponies and welsh ponies (partbreds). One of our main objectives is to encourage people to bring out their horses or ponies, learn with them at clinics or show them and just enjoy the day out with them. We do this by holding events, clinics, educational days and member get-togethers where members are encouraged to bring their horses or ponies along and learn in a supportive, informative and safe atmosphere. We produce a monthly newsletter called, "The Galloper" which is filled with news, informative articles, members photos, what we are planning and biographies about racehorses or retired racehorses. TPPSWA members also enjoy the social aspect of getting together with each other and new people who are passionate about equestrian sports, and who love to share their knowledge, experiences and mutual interests. You do not have to own a thoroughbred or partbred thoroughbred to be a member of TPPSWA, you may just want to learn more about the racing industry, the showing side of horses, or just want to get up close with these stunning animals, you are welcome to join the society. Some of our members do dressage with their horses, some do hacking, some do show jumping or eventing, so race their horses and some do western disciplines with them. We all share a love and passion for horses and the equestrian sports. For further information on TPPSWA, please contact the following people: President – Austen Borsi at austenborsi@yahoo.com.au or tppswa@hotmail.com Treasurer – Catherine Piper at tppswa@hotmail.com

Kohnke's Own range of supplements are based on scientific formulations that will help ensure that the mineral, trace-mineral and vitamin content of your horse's diet will not be a limiting factor to its health of performance. The nutritional range is centred around six separate cold-pressed supplement pellets, or Supplest®, an innovative, high quality nutrient dense small food pellet developed especially for the Kohnke's Own range of supplements. Each Supple type contains specific classes of nutrients to ensure optimum stability, which are blended in different proportions relative to the nutrient needs of growing, breeding, exercising and resting horses. Separate supplements of Vitamin E, iron and salts are also available to correct specific inadequacies in the diets of horses, where necessary.

The team are all extremely helpful and will ensure you have an amazing experience the next time you visit them!

Colonial Clydesdales are now one of the last professional Clydesdale teams in Western Australia. The skills and knowledge involved in presenting, training and driving Clydesdales are almost lost today. Our aim is to preserve these magnificent horses and the skills and traditions that are associated with them, before they are lost to the pages of the history books forever. Colonial Clydesdales & Carriages is a family run business managed by Emma & Peter. Together they have a common love for these rare horses and a desire to ensure that the traditions of the Clydesdale are preserved, whilst bringing a unique and unforgettable experience to the people of WA. Colonial Clydesdales achieve this by presenting the Clydesdales at public events such as agricultural shows, festivals and events around the state of WA. In addition, they cater for private weddings, parties, anniversaries and functions and specialise in corporate promotions and marketing. The Clydesdales and range of carriages, wagon and horse drawn farming implements are available also for ridden events, photo shoots, movies, commercials and for static displays and props.

Mane Event Equestrian Our business started nearly 5 years ago from the desire to source natural and holistic products to help the health of our own horses and dogs. After years of struggling with traditional medications and no improvement in one of our horses we looked at alternative treatments in the way of Aloe Vera and Herbs with outstanding results. Veterinary medicines have their place in the animal world and are sometimes the only way an illness can be treated but sometimes herbal, natural products can be just as beneficial without the side effects of synthetic medications. Our range has grown rapidly and we have a reputation of sourcing only the best products. Our online store is now servicing over 2500 loyal customers and our products can be found in over 28 stockfeed stores. Mane Event Equestrian Supplies is a family run and owned business situated in the hills of Perth. We hope we can help you with any queries you may have.

Thompson & Redwood It was the early 70's in Gallup New Mexico; T&R Market was established as a locally owned and operated family business providing goods and services to surrounding communities. Colin Tanner, fourth generation in the Tanner trading families of the southwest, and his wife Coleen, would begin a new journey 6 miles north of Gallup on U.S. Hwy 666 (renamed to U.S. Hwy 491). Later that decade, in an 8' x 10' lean to shed abutted to an existing building, a new category would find its humble beginning with a limited selection of feed and salt. 1984, in response to increased customer requests expansion of products began in the livestock industry. T&R Feed was "born" with a 2400 sq. ft. retail building and two hay barns comprising a 2500 ton capacity for various hay types. Attention to detail, customer input, and local area knowledge helped forge the path, enabling the company to offer an expanded line of feed, animal health products, livestock equipment, and tack to the farming and ranching communities. 2010 would offer opportunity to further expand product lines by moving into a newly renovated building, quintupling our current retail space. Complimentary product lines were added to include western wear, trailers, hardware, and décor offerings. Servicing the Four Corners region of the Southwest, T&R Feed & Rope is an area tradition spanning over three decades, offering the name brands you know and trust. Striving to continually improve products and services we offer with a commitment to customer satisfaction, quality, and value.....stop on by and join our family, you'll be glad you did. located in Bullsbrook .

Evening Star Ranch has made it our goal to breed high quality Friesian/warmblood horses for all disciplines of competition. All the presence, majesty, temperament, conformation and movement of the purebred Friesian... splashed perfectly with black and white markings/bling and the Warmblood athleticism.

The log snig course is a serpentine course is as follows. The perimeter of the rectangular course (22 meters long x 7 meters wide) will be marked by logs or pipes or rope on the ground. Four balls will be placed on four stands/poles 1.5 meters high (approximately) down the centre of the course.

There will be a 5 meter distance before the first stand/pole and then they will be placed 4 meters apart, which will leave a further 5 meter distance at the end. The horse is then driven in a serpentine pattern through the poles.

LOG SNIG RULES

Penalties – One penalty applies for the following

Knocking ball on ground

Knocking post on ground

Handler stepping on log

The driving lines touch the log or are dropped on ground

Horse stepping on or over boundary line

1 penalty each hoof

Handler stepping on or over boundary line

1 penalty each foot Disqualification

You are disqualified if:

The handler uses their foot to keep the log away from the post

The horse gets outside the chains and the driver continues with the horse outside the chains

The driver requesting outside assistance to reattach chains, or the horse gets outside the chains and the driver requires assistance.

Your horse experiences difficulty and presents a safety issue.

Note: Any horse that is disqualified may at the judge's discretion be

encouraged to finish. This is to encourage the handler/horse to gain experience.

They will not qualify for a placing.

The horse with the least penalties is the winner.

After the first round any horses finish with the same amount of penalties, the width of the rectangular course will be reduced by 0.250m from each of the longer sides.
