'Bakers Hill ARC Pairs Competition Weekend 2021'

## Competition Details:

This unofficial competition has two class categories in the hope we are able to encourage not only the seasonal competitors/more competitive riders but also those who may be new to competing and would like the support of a friend or just a fun weekend with a fellow horsey mate!

The competition consists of a dressage phase held on the Saturday and a showjumping phase held on the Sunday.

To keep things encouraging, we will be running classes by dressage level and any height of showjumping may be chosen. For example, those competing Preliminary dressage will be competing against all other riders (pairs and individuals will be in separate classes) riding preliminary dressage regardless of the showjumping height round on the Sunday; Prelim & 45cm will compete against Prelim & 90cm. This allows any combination of pairs to enter and doesn't restrict who you can compete with! In saying that, [we do ask that you be fair when entering your classes and compete at the level you are riding at.](#)

Riders over the age of 18 must be a member of EWA or purchase day insurance with their entry. Riders under the age of 18 must be a member of PCAWA.

Helper Duties will be given unless the helper duty exemption fee is paid (see entry fees).

Preferences for jobs/availability will be considered if sent through with your entry so please fill out the section included in the entry form. Changes will not be made to helper duties once advertised. Jobs may consist of pencilling, test running, pole pick up, pack up (available on both Saturday & Sunday), set up (available on either Thursday/Friday and Saturday), float marshalling etc.

### *Pair Classes:*

To be eligible for a pair class, you must consist of 2 riders. Both phases can either be completed on the same horse or different horses (i.e. 2 riders each with their own horse or 2 riders that share a horse). The pair classes are designed for those who may like the support of a friend at a competition, would just like a fun weekend with a friend or those of us who are more comfortable with a particular discipline.

Pairs may compete in up to 2 classes. If you are competing in 2 classes, **the dressage phase must be of consecutive levels to be eligible for prizes, showjumping rounds may be of the same or consecutive levels however only the first showjumping round score will be used for both classes if riding at the same height so as to not create an unfair advantage of already seeing the course. Rider is able to ride a second round at the same height, it will just be HC.** See below for possible entry combinations as a guide. Please don't hesitate to get in contact if you have any questions, as this is more of an encouragement event we will try to cater for any combination of entry. – Shelley Hall, [sah.19953@gmail.com](mailto:sah.19953@gmail.com) or 0400 610 244.

### *Individual Classes:*

Individual classes must be completed by the same rider on the same horse. This means the same combination must complete both the dressage test and showjumping round. There will be

a poles/30cm height available for individuals only. If you are competing in the poles/30cm you must do a prep test.

Individual classes are being held for those who may be a little more competitive or would just like to have a go at both dressage and showjumping.

Individual classes are run by the dressage level like the pairs classes to keep it inviting for everyone to have a go. For that reason, [we do ask that you be fair when entering your classes and compete at the level you are riding at.](#)

You may compete in up to 2 classes. If you are competing in 2 classes, **the dressage phase must be of consecutive levels to be eligible for prizes, showjumping rounds may be of the same or consecutive levels however only the first showjumping round score will be used for both classes if riding at the same height so as to not create an unfair advantage of already seeing the course. Rider is able to ride a second round at the same height, it will just be HC.** See below for possible entry combinations as a guide.
