All T&R feeds are produced locally using premium ingredients that we source directly from Western Australian farmers, ensuring freshness, traceability, and nutritional integrity. Thanks to long-standing grower partnerships, we can maintain consistent recipes and produce feeds our customers trust.

Our nutrition team is always looking for ways to give our customers and their horses more value, with new improvements added to many of their formulas, and new products like Equi-Restore added to the range recently to take recovery and horse health to the next level.
